Alligator hair clips measuring 35mm (These can be sourced from various craft stores; I found mine at Hobby Lobby).

A hot glue gun for assembly.

Supplies for Layered Flower Hair Clip

A crochet hook with a size of 2.75mm

Yarn size 10 (You can also use sizes 5 or 3)

A pair of scissors

A sewing needle

Pearl beads (Please exercise caution when using these if making items for children under 3)

Metal hair clips measuring 50mm (You can buy these online or find them at your nearby craft store)

A hot glue gun

STITCH ABBREVIATIONS (US TERMS)

Ch - Chain

SC - Single crochet

Sl st - Slip stitch

DC - Double crochet

STEP BY STEP INSTRUCTIONS

Crochet Rose

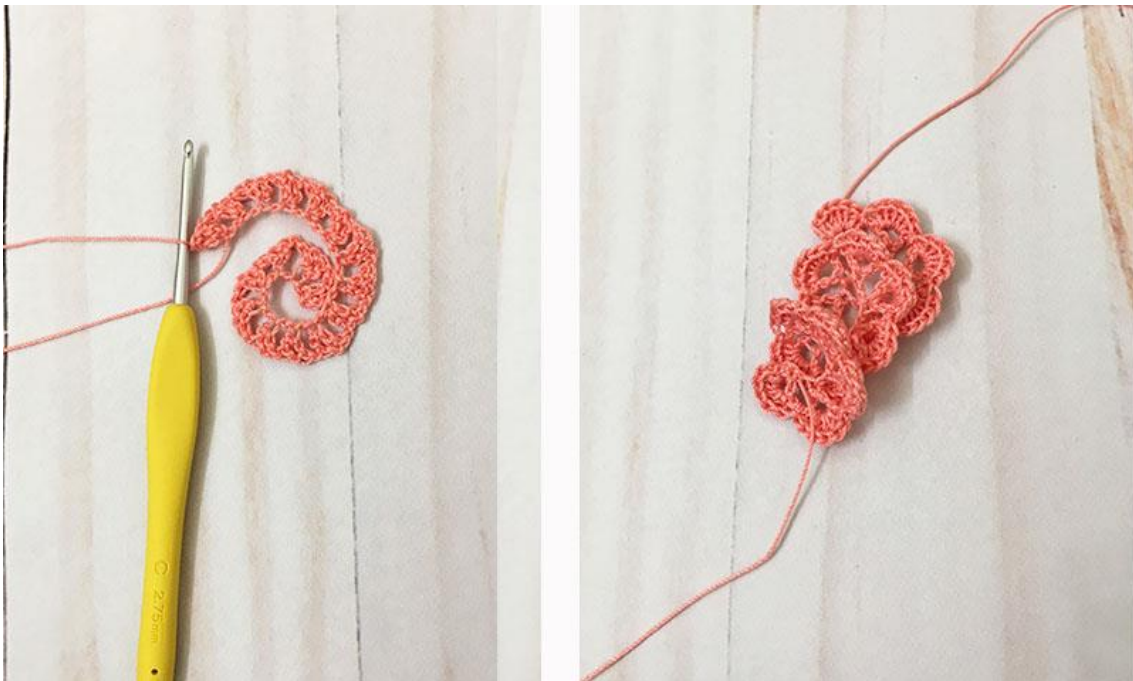

The crochet rose utilizes the V-Stitch. To create this, simply execute a double crochet (DC), chain 1, DC all into the same stitch or chain.

Chain 34.

Row 1: Begin by double crocheting (DC) in the second chain from the hook, followed by a chain 1, and another DC in the same chain. Then, chain 1 again and skip the next chain. Continue this pattern: Create a V-stitch in the next chain, chain 1, and skip the next chain. Repeat this sequence until you reach the end of the chain, concluding with a V-stitch.

You will have 17 V-stitches and 16 chain 1 spaces in between. (Your work may curl, which is normal.)

Row 2: Chain 1 and turn. Begin by making 6 DCs in the first V-stitch (this forms your first petal), and then slip stitch into the chain 1 space. Repeat this process across the row. You will finish with 17 petals.

Fasten off, leaving a long tail for sewing it together.

HANDMADE
Learning HERE

Starting from the side with the long tail, gently roll your petals together into a circle as shown below.

Take your needle and thread it through the first petal and out through the bottom of the flower; this will help secure the inner part of the flower in place.

Sew through each layer back and forth to firmly attach each of the petals in place. Then, fasten off.

Finally, use your hot glue gun to attach the rose to a hair clip.

Layered Flower

Ensure you leave an elongated tail when crafting your magic circle for later attachment of the pearl bead.

Round 1: Begin by forming a magic circle with 6 single crochets (SC), then connect it to the initial SC with a slip stitch.

Round 2: Chain 1 and work the following sequence in the next stitch: 3 double crochets (DC), chain 1, and a slip stitch into the same stitch. In the subsequent stitch, execute a slip stitch, chain 1, 3 DC, chain 1, slip stitch, and repeat this pattern throughout the round. You'll conclude with 6 petals.

Round 3: Chain 3 and slip stitch into the back post of the 3rd DC on your first petal. Repeat this action for each petal, and when you reach the 6th petal, slip stitch into the first ch 3.

Round 4: Chain 1 and work the following sequence in the next chain: 4 DC, chain 1, and a slip stitch into the chain. In the following chain, execute a slip stitch, chain 1, 3 DC, chain 1, slip stitch, and repeat this pattern around. You'll end up with 6 petals.

Round 5: Chain 4 and slip stitch into the back post of the 4th DC on your first petal. Repeat this step for each petal, and when you reach the 6th petal, slip stitch into the first chain 4.

Round 6: Chain 1 and work the following sequence in the same chain: 5 DC, chain 1, and a slip stitch into the same chain. In the following chain, execute a slip stitch, chain 1, 3 DC, chain 1, slip stitch, and repeat this pattern around. You'll complete the round with 6 petals.

Fasten off and securely weave in any loose ends.

Using the long tail you left, sew the pearl bead to the center of your crochet piece.

Finally, use a hot glue gun to attach the crochet piece to a hair clip.

There you have it—two charming and straightforward crochet hair clips!
